Sir:

In response to the Official Action of September 27, 2000, please insert the attached substitute specification, and the attached two sheets of informal drawings, and amend the attached substitute specification and claims as follows:

In the specification:

Immediately above the heading "DETAILED DESCRIPTION", please insert the following on separate lines:

--Brief Description of the Figures.

Figures 1A and 1B are a flow diagram depicting steps in a method according to the invention.--

On page 2, please delete lines 14 and 15, and insert the following:

--Referring now to Figures 1A and 1B, the method of the invention will be described.

The process flow of the method commences for assigning a rating to a fund commences with the identification of a sector corresponding to the fund, as indicated by block 10. An example of a sector is U.S. large capitalization funds. The next step in the method is to identify financial and futures corresponding to the identified sector. This is indicated by block 20. An example of futures for a sector is S&P 500 options and futures for U.S. large capitalization funds. The next
